Indian Basmati Rice

Indian Basmati Rice is globally renowned for its unique characteristics, including an exquisite aroma, extra-long slender grains, and a soft, fluffy texture upon cooking. Cultivated primarily in the fertile plains of Northern India, this premium rice variety is celebrated for its unmatched quality, non-sticky grains, and ability to absorb flavors, making it ideal for a wide range of dishes like biryani, pilaf, and fried rice. Known as the "Prince of Rice," Indian Basmati adheres to international food safety standards, offering both exceptional taste and high nutritional value.

Customizable packaging options are available to meet diverse market needs, ensuring that Indian Basmati Rice reaches global kitchens with uncompromising quality.

Pulses and Beans

Red Split Lentils (Massor Dal)

Red Split Lentils: Red split lentils are hulled and split lentils, widely valued for their quick cooking time, soft texture, and versatility. They are a rich source of protein, fiber, and essential nutrients, making them ideal for soups, stews, curries, and a variety of global cuisines.

Green Lentils

Green lentils are hearty, versatile legumes known for their firm texture and peppery flavor. Rich in protein, fiber, and essential nutrients, they retain their shape when cooked, making them perfect for salads, soups, stews, and side dishes.

Green Moong Lentils

Green Moong Beans, also known as Green Gram, are a nutrient-rich legume used in savory and sweet dishes worldwide. Renowned for their mild sweetness and versatility, they are essential in soups, curries, salads, and sprouts.

Kabuli Chickpeas (Kabuli Chana)

Kabuli Chickpeas (Kabuli Chana) are a variety of chickpeas known for their light beige or creamy color, smooth texture, and round shape. They are widely consumed as a staple legume across the globe, especially in Middle Eastern, Mediterranean, Indian, and African cuisines.

Light Speckled Kidney Bean

Light Speckled Kidney Bean (*Phaseolus vulgaris*) is a long-grain bean (long shape), beige, pink, or red with dark speckles. It has a slightly sweet taste and is therefore also known in some countries as the sweet bean (Sugar Bean). Its name in Spanish is Frijol Canaval.

Red Kidney Bean (Rajma)

Red Kidney Beans, named for their kidney-like shape, are rich in protein and ideal for simmered dishes. They absorb flavors well, offering a mild sweetness and light texture, making them a popular choice in many cuisines.

Green Pea

Green peas are small, round, and vibrant legumes known for their sweet flavor and tender texture. They are rich in vitamins, minerals, and protein, making them a nutritious addition to a variety of dishes, including soups, stews, and salads.

Yellow Pea

Yellow Peas are small, round legumes with a mild flavor and starchy texture. Rich in protein and fiber, they are commonly used in soups, stews, and curries, offering a nutritious and hearty base for many dishes.

Sugar

Sugar is a carbohydrate primarily used as a sweetener in food and beverages, derived from sugar cane and sugar beet. The most common form is sucrose. It enhances flavor, texture, and preservation, but should be consumed in moderation for a balanced diet. Common grades include IC45, IC100, IC150, and IC600-1200, which vary based on refining processes and crystal size.

White Refined Sugar (ICUMSA 45)

Sourced from India and Brazil, our premium White Refined Sugar undergoes a refining process to eliminate molasses, ensuring a pure and sweet taste. Perfect for diverse uses, we have been exporting ICUMSA 45 sugar in large quantities to global markets for many years.

White Crystal Sugar (ICUMSA 150 / ICUMSA 100)

Our White Crystal Sugar, sourced from India and Brazil, is a high-quality, 100% water-soluble sucrose product with a stable crystalline structure. Customizable to client specifications, this sugar is rigorously tested for purity before delivery. We specialize in supplying ICUMSA 150/100 sugar to global markets with consistent quality.

Raw Sugar (ICUMSA 600–1200)

Our Raw Sugar, with ICUMSA levels of 600–1200, the most natural form of sugar, is hygienically processed and rich in calcium, iron, and other mineral salts. It is free-flowing and ideal for daily home consumption. Sourced from India and Brazil, our Brown Sugar meets high-quality standards and is perfect for both domestic and industrial use.

EDIBLE OILS

At **SS Global Foodstuffs**, we provide top-quality edible oils to meet the diverse needs of households, food industries, and businesses worldwide. Our offerings include refined sunflower oil and premium-grade palm oil, ensuring purity, flavor, and nutrition.

Refined Sunflower Oil

Our refined sunflower oil is sourced from the finest sunflower seeds and undergoes a meticulous refining process to ensure exceptional quality, purity, and health benefits.

Palmolein Oil

We supply premium palm oil in various grades (CP06, CP08, CP10) tailored for cooking, frying, and food manufacturing processes.

Packaging Sizes : 500ml, 1ltr, 1.8ltr, 2ltr, 5ltr ,Pet Bottles ,
18ltr Tin , 10ltr , 20ltr and 25ltr Jerry Can

Spices

The word "spice" originates from the Old French words *espece*, *espis(c)e*, and *espis(c)e*. A spice is a seed, fruit, root, bark, or other plant substance primarily used for flavoring or coloring food. Spices are also used in medicine, religious rituals, cosmetics, and perfume production. Throughout history, many spices have been believed to possess medicinal properties.

Wheat Flour

Wheat flour is a finely ground powder made from wheat grains, widely used for human consumption. Wheat varieties are classified as "soft" or "weak" when they have low gluten content and "hard" or "strong" when they have high gluten content.

Whole Wheat Flour (Chakki Atta): Commonly known as "Chakki Atta" in India, it is an essential ingredient for preparing traditional dishes like Chapattis, Puris, and Parathas, forming a staple diet in Indian households.

All-Purpose Flour (Maida): Known as "Maida," this finely milled wheat flour is ideal for making pastries, cakes, pasta, and other delicacies requiring fine-textured flour.

At SS Global Foodstuffs, we ensure the hygienic packaging of premium-quality wheat flour to maintain its freshness and quality.

Available Varieties:

- Whole Wheat Flour (Chakki Atta)
- All-Purpose Flour (Maida)
